Annual Out of Pocket Maximum: The most you could pay during a coverage period (usually one year) for your share of the costs of covered services. After you meet this limit the plan will usually pay 100% of the allowed amount.

Copay: A fixed amount (for example, \$75) you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service.

Coinsurance: Your share of the costs of a covered health care service, calculated as a percentage (for example, 20%) of the allowed amount for the service. You generally pay coinsurance **plus** any deductibles you owe.
