Graduation Fair

The 2023 Graduation Fair will be Tuesday, April 11, from 10 a.m. – 7 p.m. in the Marano Campus Center/Deborah F. Stanley Arena and Convocation Hall concourse. The College Store sponsors the Grad Fair for all bachelor and master degree candidates to attend this one-stop graduation event to order announcements and class rings, meet representatives from Alumni FANs, Career Services, and the Registrar's office, sign the Class of 2023 banner, purchase diploma frames (the only time all year a discount is offered!), and win prizes.

Academic regalia, including caps and gowns will be available for all students who have applied to and been confirmed by the Registrar's office as eligible for graduation in May or August 2023. Graduates may choose between ordering regalia online (beginning March 21) for pick up at the event or making the purchase the day of the event. Six (6) tickets for family and friends are included with the purchase of cap and gown. After the Graduation Fair, students can continue to order online for shipment or pick up beginning again on May 1. Pick up and walk in purchases will be at the College Store in the Marano Campus Center from May 1 through Commencement.

Academic regalia is an integral part of the graduation ceremony. The different colors and styles denote the achievements of the wearers. Since graduation is the most important of SUNY Oswego's academic ceremonies, it is vital that all candidates for graduation are appropriately attired. Bachelor units are \$93.99 for students in Liberal Arts and Sciences, School of Business and School of Education. Bachelor units are \$108.99 for School of Communication, Media and the Arts students. Career Services

Discovering the life you are meant to live and implementing strategies to successfully compete for that life — that is what Career Services is all about. A comprehensive resource portfolio and a team of professionals with a caring heart, unbeatable skills, and an "always aim higher" attitude work together to make student and alumni dreams come true.

Our cutting edge industry model is one of the first in the SUNY system. They have categorized the world of work into several areas that include: Business and Communications; Healthcare and STEM; Communication, Media and the Arts; Education, Public and Human Services; and Exploratory and Undeclared. Within each of these areas, we have a highly capable staff member creating a sphere of support for our students that spans the entire career development cycle and brings together faculty, alumni, employers, graduate school representatives, and much more. This results in more meaningful assistance and expertise for our students, better employer and graduate school connections, and tailored on and offline resources.

Every resource we have, on and offline, is available to alumni for free, for life. The office offers the best career exploration and job search resources available on the market today, a digital analysis team to maximize your online presence, a LinkedIn photo studio to enable your professionalism to shine, and so much more.
