

Haudenosaunee Community Building (HCB)

- Work to date:
 - Seeking SUNY guidance and approval for Haudenosaunee flag raising
 - Identifying possibilities for scholarships for Native American Studies
 - Compile catalog of best practices from peer campuses
 - Presidential dinner invitation accepted and relationship-building in progress.
- Next Steps: Implementations, Timelines, Relationship Building
 - 2025–26 Inclusive Practices Working Group (HCB)
 - Propose next steps and timelines for implementation for each recommended action – including renaming Haudenosaunee themed roads and structures.
 - Gather information about the Native American experience on campus
 - Identify opportunities for education, collaboration, and relationship-building with Haudenosaunee communities - especially the Onondaga Nation.
- Considerations: Education and Renaming
 - Renaming is a complex process requiring education, trust-building, and stakeholder engagement (deliberate, collaborative, long-term outcomes)
