

Institutional Research & Assessment Dashboards

Deborah Furlong, Anna Croyle

Context

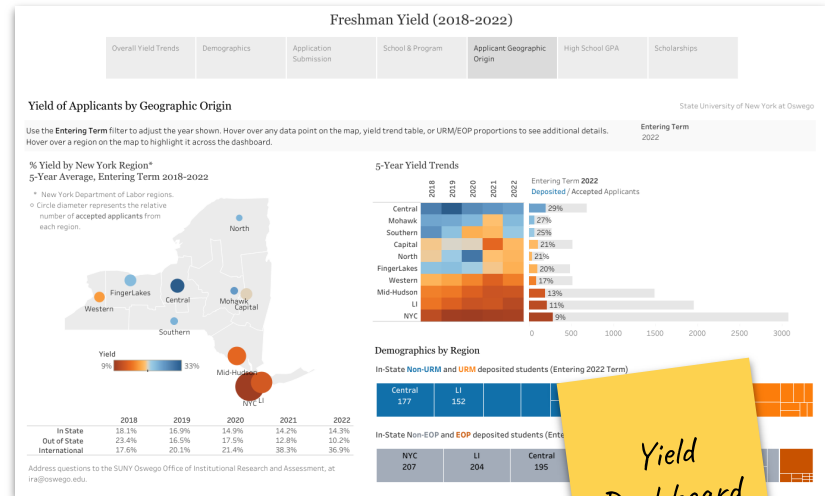

IRA's evolution:

Factbooks → Dashboards

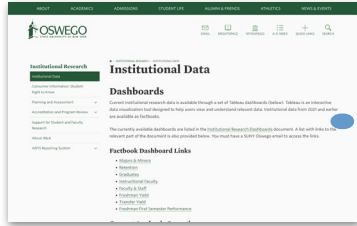

Balancing privacy and accessibility

Tableau Dashboards

- Tableau is an **interactive data visualization** platform
- Anyone with an **oswego.edu** email address can access these dashboards
- Users can explore dashboards and filter data to best fit their needs

Institutional Data

Dashboards

Current institutional research data is available through a set of Tableau dashboards (below). Tableau is an interactive data visualization tool designed to help users view and understand relevant data. Institutional data from 2021 and earlier are available as Factbooks.

The currently available dashboards are listed in the [Institutional Research Dashboards](#) document. A list with links to the relevant part of the document is also provided below. You must have a SUNY Oswego email to access the links.

Institutional Research & Assessment Dashboards

These dashboards are in active development. You may see changes as we improve the accuracy and presentation of the data. As you explore, please use the [Dashboard Feedback Form](#) to communicate any changes you would like to see, and we will work to incorporate your feedback. For specific data questions, please contact ira@oswego.edu.

We are working to improve the accessibility of these dashboards. All dashboards are not currently keyboard navigable, but are in the process of being updated. Please contact us if you need accommodations.

Dashboards

[Majors & Minors](#)

Summary: This dashboard shows a ten-year trend of undergraduate and graduate **major and minor headcounts**. It includes additional detail by program, gender and URM status, race/ethnicity, and age. It also tracks **new freshmen** and **new transfers** by department.

[Instructional Faculty](#)

Summary: This dashboard shows additional detail on **instructional faculty**. It includes comparisons by gender, URM status, faculty category, highest terminal degree, and years of service. It also includes headcount and FTE by department. Gender and URM status are compared across faculty rank.

[Faculty & Staff](#)

Summary: This dashboard shows the number of **instructional** and **non-instructional** faculty and staff. It includes a breakdown by gender and URM status. Users can filter by part-time/full-time status.
