

# iClicker Cloud Voting Setup for Faculty Assembly

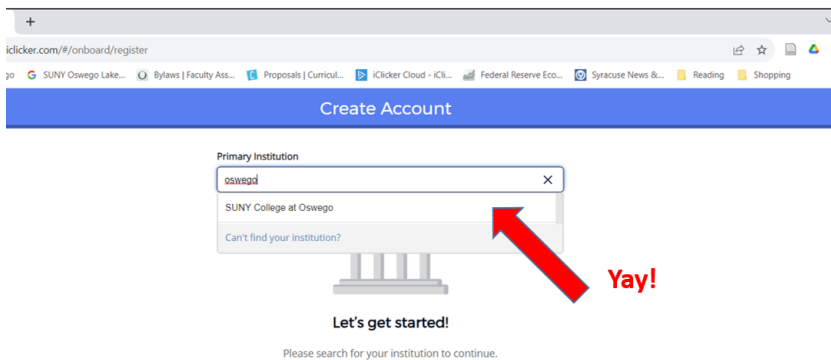

There are 3 easy steps to be ready to vote with the iClicker app.

## Step 1: Set up an iClicker Account

If you don't have one already, register for an **instructor** account at [iClicker Cloud](https://www.iclicker.com/instructors/software/iclicker-cloud/). (<https://www.iclicker.com/instructors/software/iclicker-cloud/>). Student representatives will create a student account. Create an Account is in the upper right part of the page. Choose an instructor account.

You are prompted for a primary institution. Type in Oswego and we will pop right up:

Fill out the form and create your account:

Bylaws | Faculty Ass... | Proposals | Curricul... | iClicker Cloud - iCli... | Federal Reserve Eco... | S...

### Create Account

Primary Institution  
SUNY College at Oswego

## Step 2: Load the App to your Preferred Device

Once you have an account, you will want to download the STUDENT app on your phone or tablet in order to vote. Go to the Apple Store or Google Play and search for iClicker Student. Load that app and login with your credentials from step 1. On a laptop you can simply sign into iClicker Cloud as a student.

Find it in the app store:

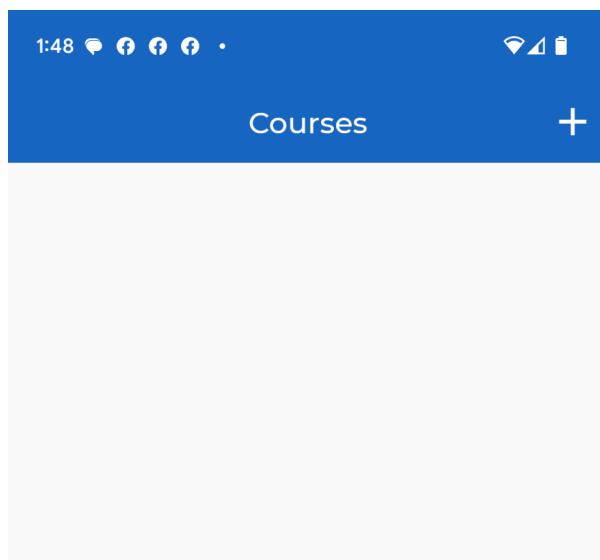

Install, open the app and sign in:

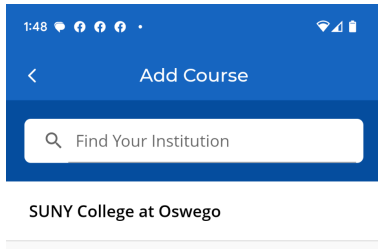

### Step 3: Add Faculty Assembly to your Course List

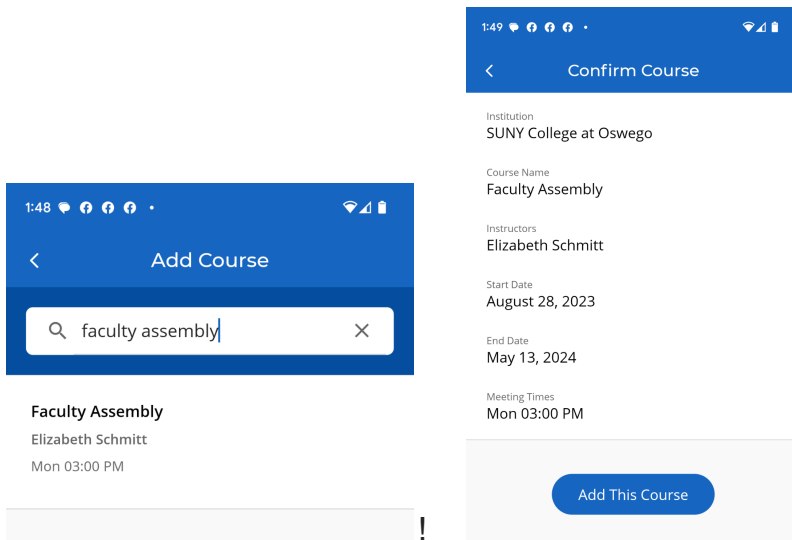

Now you want to add yourself to the "course" for voting. Logging in as a student you will see this screen. Click the top right "+" sign to add a course:

Select our institution:

Now type in “Faculty Assembly” in the course search box, and add the course.

Now you are ready to go!
