RE: Update of Spring 2021 Calendar

Dear Liz,

The Calendar Committee approved the removal of Spring Break and Good Friday from the Spring 2021 semester.

We will begin the semester on the original start date of Monday, January 25, 2021, but we will conclude the spring semester one week early with Commencement on Saturday, May 8, 2021.

You will notice that the Q3 and Q4 start/end dates for Student Teaching have remained as they were originally approved in the calendar for the upcoming spring semester at the request of School of Education. The Q4 Student Teaching concludes the week after Commencement.

Calendar Committee also voted to preserve Quest in the spring semester calendar. We will not have classes on that day and expect to continue our tradition of celebrating our students and faculty research and creative activity.
